EVENING EDITION.

To Our Exchanges.

our exchanges have failed to discover our new to- of Priday evening. eation, or, if they know it, have neglected to change the address of their papers. Gentlemen of the Press, plurse examine your books. ---

Latest from the Front.

The enemy made a furious assemble in three lines upon Claiming's Division on the left of our proftion, near Law Macaning years olay avening. Parsengers who came down from the front, on the train, my that the enemy's: loss was heavy, and that of served a painful wound in the calf of the leg-not considered dangerous.

The enemy are reported to be incoving around to the left of Johnston's position again. At least one I have no idea that these young badies were atdivision is known to have passed in that direction. Having made a fair test on our right, be has 'coueladed to try again the left, thus exhibiting an infirmity of purpose, which is the best evidence that he is nonphised. An intelligent gentleman, connected with the army, who left the front last Ward's wax "figers." night, expressed the opinion that Sheyman has no

lers left the field of Waterloo, every ten minutes during the continumer of the celebrated battle, for their houses in the different Capitols of Europe. Report of men Admitted into Hospital at Thus, the result of the battle was known to them in Paris, London and Vienna, two hours before the Hospital, at this Post to-day. And they closed the pending associations with the Allies for a large lean,

--La Recruiting officers have been sent to Lexington, Danville, Owenshore, Hapkinsville, and other principal points in Kentucky, with instructions from the War Department to solist and reseive into the military service all slaves who apply irrespective of the wishes or political status of their owners. Negro recruiting is reported to be proesesting briskly under this arrangement.

The whole number of prisoners entered at the Libby prison since the first buttle of Manassas. THES IN EUROPE.—The New York Herald

A RE exch nessee, the later reported killed, but who is unburr, and Capt. E. H. Faulkner, or the 45th Virginia and Capt. E. H. Faukher, of the 43th Virginia regiment. If this he true it will make our total losses can up some 1300 or 1400, a serious disaster grief to attack him by resolution in the surface of an accountaining debt, and the imminence of an explosion, more destructive than any country has addition to the losses; in the field, we understand in the public prints and other modes, that

Grant should get the worst of it, it will give immense encouragement to the friends of scionant source of the movements of the enemy since the enemy since information of Stanton, we have no authentic information, nor have we heard any conjectures as to their probable intentions. We think, however, as stated and his accomplices, A. J. Butter and vesterday, that their power for further mischief is

FROM THE VALLEY.

A courier, who arrived here about dark fast evetake possession of Stanution-smil 3 p. m. on Mon-day. The pickets of his stray extend out from Soamton within about six miles of Waynesbors'. Our loss in the battle his reports as quite heavy, General Imboden is not captured, as reported. The Republican, of the lith, says:

A number of negroes escaped from the town, some provious to and and others since its occupation by the cusmy. Many of these have arrived in Charlottesville, praierring the mild and paternal rule of their masters to that false freedom which the synthese offer them.

The Philadelphia In the Example of the policy, says:

A dispatch to the Cincinnatti Gazette.

All Prime or Divining the prime of the provious to the property of the

Castle Thunder, for proposing to surrender The Cross. - From all parts of the country same direction, while the army of the Northwheat especially is line, and harvesting in many parts has commenced. There is also no doubt that a much larger breadth of concentration is now the order of the slay, land has been planted in wheat then there and that the strength to overthrow the re-was last year. The Mobile Tribune is told, bellion is to be found in the union of armby gentlemen who plant in South Alabama, i.e., Gen. Grant will soon have an army that the grain is very full and compact. So which it will be imposible for Lee with all that, in all probability, we shall have not one the forces in the South at his command, by at short notice, and at rates now resonance than are ly an abundance of flour, but a very superi- resist and short work will be made of the or quality of it. The corn is in a similarly flourishing condition. It is a little behind. but the "stand" almost everywhere is most promising The lateness will not hurt it-GEN. LEE.-It has been generally believed perhaps be of great benefit. So that we have General as Grant must bring victory as surenow a prospect of a fair season of unusual prolificness in two of the essential cereal grops of the country.

There is no appropension among those whose business it is to know, as to the full-ness of meat-bacon. The cholera has affeeted the bogs some, but not so generally or cured, as though the tax pavers were indifferent to its quality so long as it meets the requisition. This is something that we regret to hear, for it implies that there are too Charleston Mercury.

A Timely Warning.

The Lynchburg Virginian, of Wednesday, says:
We have just had one of the most successful and
beilliant campaigns of the war, lasting only 50 days.
With 27,000 men we have defeated 50,000 in three
general engagements and several minor battles,
marshed 500 miles, fought in Louisians and Arkaesays, killed and captured 14,000 of the enemy, taken
25 puseus of stilllers, and 1200 wagons, &c.
